# Fireatshopin eastDelhi's Gandhi Nagar, 21 tenders rushed

NEW DELHI, AUG 9 /--/ A major fire broke out at a plywood factory Wednesday morning in east Delhi's Gandhi Nagar area, officials

According to fire officials, information about the blaze was received at 4.07 am, following which 21 fire tenders were rushed to the spot. The fire has been brought under control and cooling operation is underway, they said. "We received a call at 4.07 am about a fire in a plywood godown, following which we sent 3-4 fire tenders. At 5.29 am, it was declared as Make-6 category fire, and currently, 21 fire tenders are working to control the blaze. Fortunately, no injury has been reported so far," Rajendra Atwal, Divisional Officer, Central Division, had earlier said. A local said early action by authorities could have prevented fire from spreading. "The fire had broke out in Jagmohan Ply wood. The fire tenders took more than one hour to arrive. We used our own fire extinguishers to try to control the blaze. The fire was restricted to one section of the premises, but later spread. It could have been controlled if fire tenders had rushed a little," alleged one Karandeep Singh. According to police, around at 3.55 am, a patrol team from Gandhi Nagar Police Station saw some smoke coming out from Jagmohan Plywood store, situated adjacent to police station. They tried to douse the fire with water and also made a PCR call. However, due to dry wood, fire spread quickly. A police officer said the plywood was taking time to cool off and the shop was completely gutted. Loss of property is yet to be ascertained, he said. Morning visuals of the fire showed people salvaging material from the shop. An MLA from the area said space has been allocated to set up a local fire station to give swift relief in such tion of the children, the findings indicate that parents exhibit a similar inclination for both their female and male children to pursue advanced education, including technical degrees, graduation, and post gradu-

"Comparatively, the dropout rate at that stage was higher for female children, reaching 35 per cent. A higher proportion of both boys and girls dropped out of school after completing the primary school educa65 per cent for girls). "Nonavailability of schools with higher sections within the village or nearby villages might have been a reason why these children were dropped out after the completion of the primary sections," it added

The study which focused on six-to-16-year-old children in rural communities was conducted by the Development Intelligence Foundation (TRIF) and Sambodhi Pvt, with a vision to put forth data along with the right analytics and insights to stimulate action among stakeholders of rural India's development.

The survey found that a majority of children (62.5 per cent) are under the supervision of their mothers when it comes to their studies, while 49 per cent are su-

"Tribals share a close relationship with the land and the environment. They have been protecting the rich natural resources, including forests, in the country for ages," the Chief Minister said, adding they also made considerable contributions to the freedom movement. He said it is the responsibility of all to bring tribal people into the mainstream of development. "Keeping this in mind, the government is working to provide them with education, employment, and health facilities. The government has decided to renovate 250 ashram shalas (boarding schools) in the state and transform them into model ashram schools," the Chief Minister said. He said the government will implement a scheme to ensure that tribal students get an education in renowned schools and become capable to crack entrance exams for engineering and medical

courses and IITs. To encourage higher education for tribals, 100 students are provided assistance to complete their PHDs, Shinde said.
